About Us – Aramid Industries, Brenner Import & Export Company & UK Office

Aramid Industries, Brenner Import & Export Company China, and our UK office Brenner Import and Export company UK Ltd are united by a single vision: to deliver excellence in manufacturing and global trade. With strong operational bases in Pakistan, China, and the United Kingdom, we bring precision, quality, and innovation to the surgical, medical, and cosmetic instrument industry—backed by seamless international reach.

Aramid Industries – Excellence in Manufacturing

Located in Sialkot, Pakistan—a world-renowned hub for surgical and medical instruments—Aramid Industries is equipped with state-of-the-art technology and a highly skilled workforce. We specialize in producing world-class:

- Surgical Instruments
- Dental Instruments
- Orthopedic Instruments
- Electro Surgical Instruments
- Veterinary Instruments
- Hospital Textiles
- Beauty Instruments

With over fifteen years of expertise, we maintain the highest international standards to ensure unmatched craftsmanship, durability, and performance.

Through ongoing research and development, we create innovative, user-friendly, and high-performance instruments to meet the evolving needs of healthcare and cosmetic professionals worldwide. We also offer custom manufacturing and in-house repair services, making us a reliable one-stop partner for our clients. Brenner Import & Export Company – Your Global Trade Partner in China

Operating from Guangzhou and Shanghai, China, Brenner Import & Export Company serves as the international trading arm of Aramid Industries. We specialize in catering to the Chinese domestic market while managing exports worldwide.

Our strong presence in China allows us to:

- Provide seamless supply chain solutions
- Ensure smooth customs clearance and regulatory compliance
- Conduct thorough quality inspections
- Offer competitive pricing and personalized customer service

From small distributors to large medical institutions, we ensure hassle-free and reliable trade services, strengthening long-term relationships with global buyers and distributors.

Brenner Import & Export Company UK – Expanding Our Global Reach

Our UK office adds a powerful dimension to our global operations, serving as a strategic hub for Europe and beyond. Based in London, it enables us to:

Connect directly with European buyers and distributors

Ensure compliance with EU and UK medical device regulations

Provide faster and more efficient customer support for European clients

Strengthen our presence in international exhibitions and partnerships

With the UK office, we now bridge Asia and Europe seamlessly, giving our partners confidence in working with a company that truly understands global trade dynamics.

Why Choose Us?

- ✓ Uncompromised Quality – Internationally certified products manufactured with precision
- ✓ End-to-End Solutions – From production to export, we manage the entire process
- ✓ Research & Innovation – Constant investment in advanced technologies
- ✓ Custom Manufacturing & Repairs – Tailored solutions for unique needs
- ✓ Global Reach – Strong presence in Pakistan, China, and the UK for international coverage

At Aramid Industries and Brenner Import & Export Company, our commitment goes beyond manufacturing and trade. We aim to provide world-class instruments with unmatched service and global accessibility. Whether you require top-quality instruments for your medical practice or a trustworthy partner for worldwide trade, we are your one-stop solution.

Management Team

Aramid Industries & Brenner Import and Export Company

At Aramid Industries and Brenner Import & Export Company, our success is driven by visionary leadership, global expertise, and a commitment to excellence at every level. Our management team brings together decades of experience in manufacturing, international trade, finance, quality assurance, and global logistics — ensuring that our clients receive the finest surgical, dental, and cosmetic instruments with seamless service worldwide.

Executive Leadership

Mr. Ahmed Hussain

Founder & Chief Executive Officer (CEO)

Guangzhou, China | Sialkot, Pakistan | London, United Kingdom

Ahmed Hussain is the driving force behind Aramid Industries and Brenner Import & Export Company. With over 15 years of experience in international manufacturing, trade, and brand development, he has built a global network connecting Asia, Europe, and Africa. His vision of combining Pakistani craftsmanship with Chinese efficiency and Western market standards has positioned the company among the leading global suppliers of surgical and cosmetic instruments.

“Our mission is simple — to deliver world-class quality with integrity, innovation, and commitment.”

Mr. Saad Zulfiqar

Director – Manufacturing & Quality Control

Based in Sialkot, Mr. Saad oversees all manufacturing operations, quality assurance, and process optimization at Aramid Industries. With deep expertise in stainless steel instrumentation, AQL standards, and ISO-compliant production, he ensures every product meets the highest benchmarks of durability and precision.

Mr. Burhan Asif

Director of Production & R&D (Pakistan Division)

Mr. Burhan leads the research and development initiatives at Aramid Industries, focusing on material innovation, ergonomic design, and advanced polishing technologies to enhance product performance and user safety.
Brenner Import & Export Company – China Operations

Ms. Pan Shao Ling

Director – International Trade & Client Relations (China)

Operating from Guangzhou, Ms. Shelly manages Chinese domestic sales and export coordination. With a decade of experience in international procurement, customs management, and client communication, she ensures that global customers receive timely, compliant, and quality-assured deliveries.

Mr. Bai Hongjun

Director – Supply Chain & Quality Inspection (China)

Mr. Bai oversees supplier evaluation, packaging standards, and export documentation to guarantee that every shipment aligns with client requirements and regulatory norms.

Brenner Import & Export Company – United Kingdom Office

Mrs. Maryam Ahmed

Director – European Operations & Compliance

Based in London, Mrs. Maryam is responsible for European client engagement, regulatory compliance, and market expansion strategies. She ensures that all products conform to EU MDR and UK MHRA standards, enabling smooth distribution and import into Europe.

Mr. Mustafa Sarfraz

Finance & Strategic Planning Manager (UK)

Mr. Sarfraz manages financial oversight, trade compliance, and strategic growth initiatives across the UK and EU regions. His role strengthens the company's financial integrity and international partnerships.

Advisory Board

Dr. Yahya (MD)

Medical Advisor – Product Development

A practicing surgeon and global advisor to the company, Dr. Yahya contributes his clinical insight to the design and testing of surgical instruments, ensuring they meet practical standards of performance and ergonomics.

Engr. Aziz

Technical Advisor – Process Optimization

With engineering expertise and decades of industrial experience, Engr. Aziz supports continuous improvement initiatives and modernization projects across the company's production facilities.

Our Team Philosophy

At Aramid Industries and Brenner Import & Export Company, leadership is more than management — it's a partnership built on trust, transparency, and teamwork. Every member of our global team contributes to a shared mission:

To create, innovate, and deliver instruments that enhance medical precision and improve lives worldwide.

Global Outreach – Aramid Industries & Brenner Import and Export Company

Aramid Industries and **Brenner Import & Export Company** have established a comprehensive global presence, connecting manufacturing excellence in Pakistan with advanced trade operations in China and a strategic gateway in the United Kingdom. Our integrated global network allows us to serve partners across North America, Europe, Africa, and Australia with precision, reliability, and consistent quality.

Through daily and formal exports to these regions, we have developed a dynamic understanding of international market trends, healthcare standards, and evolving product needs. This strong global footprint empowers our Research & Development Department to continuously analyze Western business trends, innovate new product lines, and modernize existing departments—ensuring that our instruments remain at the forefront of performance, safety, and user experience.

Exporting to Over 50 Countries

With a legacy of craftsmanship and innovation, **Aramid Industries** and **Brenner Import & Export Company** have become one of the most trusted and recognized names in the global surgical and dental instrument industry. Our products are exported to over 50 countries across:

Asia – Pakistan, China, Japan, South Korea, Malaysia, and the Middle East

Europe – United Kingdom, Germany, France, Italy, Spain, and Eastern Europe

North America – United States, Canada, and Mexico

Africa – South Africa, Egypt, Kenya, and Nigeria

Australia & Oceania – Australia, New Zealand, and surrounding markets

Our instruments are trusted by hospitals, clinics, distributors, and medical professionals worldwide, meeting and exceeding international standards of quality and precision.

A Global Network Rooted in Quality

Aramid Industries (Pakistan) – The manufacturing powerhouse, equipped with advanced facilities in Sialkot and a skilled workforce specializing in surgical, dental, orthopedic, and beauty instruments.

Brenner Import & Export Company (China) – The global trading hub operating from Guangzhou and Shanghai, managing logistics, compliance, and exports with efficiency.

Brenner Import & Export Company UK – The European gateway, ensuring compliance with UK and EU medical regulations, building partnerships, and facilitating smooth distribution across Europe.

Together, these entities form a synchronized global ecosystem that connects craftsmanship with commerce—offering high-quality medical and cosmetic instruments to customers around the world.
Our Global Commitment

- ✓ Worldwide Accessibility – Reliable shipping and daily exports to all major regions
- ✓ Compliance & Certification – ISO, CE, and relevant regulatory standards for all markets
- ✓ Customer-Centric Approach – Localized support and communication across time zones
- ✓ Innovation Through Global Insight – Continuous modernization inspired by international trends
- ✓ Partnership for Growth – Building long-term relationships with importers, distributors, and healthcare organizations

At Aramid Industries and Brenner Import & Export Company, our vision is to connect continents through quality,

PRODUCTION TOUR

Factory & Production Facilities

Welcome to our production heartland — where precision engineering and craftsmanship meet global standards. At Aramid Industries and Brenner Import & Export Company, our manufacturing facilities are designed for excellence, flexibility, and efficiency, enabling us to deliver premium surgical, dental, and cosmetic instruments worldwide.

Facilities & Locations

Sialkot, Pakistan — Our primary manufacturing hub. Equipped with forging, CNC machining, polishing, assembly, sterilization, and packaging units, all in one integrated campus.

Guangzhou & Shanghai, China — Secondary production, finishing, export packaging, and quality inspection centers, closely aligned with our trading operations.

United Kingdom Office (London) — Though not a production site, it provides regulatory oversight, quality assurance coordination, and European compliance support.

Production Capabilities & Departments

1. Forging & Initial Shaping

Hot forming and cold forging of blanks to create instrument profiles, while preserving material integrity and strength.

2. Precision Machining & Milling

CNC machining centers, Swiss-type lathes, and multi-axis machines for detailed cuts, threads, and structural features.

3. CNC Engraving & Laser Marking

High-resolution engraving of product codes, company logos, and measurement marks, with traceability and anti-counterfeit features.

4. Grinding, Polishing & Finishing

Surface refinement stations to produce mirror, satin, or micro-textured finishes, depending on product requirements.

5. Heat Treatment & Hardened Processes

Controlled tempering, quenching, and annealing to achieve desired hardness (e.g. optimal HRC for 304 / 410 / 420 stainless steel).

6. Passivation & Surface Treatment

Chemical or electrochemical passivation to enhance corrosion resistance, reduce free iron, and ensure biocompatibility.

7. Sterilization & Quality Inspection

Internal inspection labs for dimensional checks, metallurgical tests, and surface analysis. Instruments are inspected under clean environments before packaging.

8. Assembly & Set Packaging

Final set configuration, tray layout, labeling, and secure sterilizable packaging. Custom packaging (OEM) also handled in-house.

PRODUCTION TOUR

Machinery & Equipment Highlights

- CNC Swiss-type lathes for micromachining
- Multi-axis CNC machining centers (3/4/5 axis)
- CNC laser engraving and marking systems
- High-precision grinders and polishers
- Automated polishing stations with robots
- Ultrasonic cleaners and water-recycling passivation baths
- Cleanrooms or controlled environment finishing zones
- In-house tool & cutter manufacturing capability
- Quality, Traceability & Capacity

ISO / IEC 17025 Accredited Testing Lab — All measurements, hardness tests, metallurgical analysis, and surface inspections follow accredited protocols.

Integrated quality tracking from raw material through to packaging—every batch and instrument is serial-tracked.

Scalable capacity to manage small custom orders as well as bulk sets (hundreds of sets per month).

Flexible line balancing to prioritize urgent custom or repeat orders without disrupting standard production schedules.

Why Our Factory Stands Out

Vertical integration: We manufacture our own tools and cutters, giving us full control over precision and cost. Single-site efficiency in Pakistan: Holding most departments under one roof reduces lead times and improves communication.

Global alignment: Facilities in Pakistan and China synchronized to manage production, finishing, export packaging, and quality checks.

Compliance oriented: Our factory setups comply with ISO 9001, ISO 13485, ISO 14001, ISO 45001, and other relevant standards.

Sustainable design: Use of energy-efficient machinery, wastewater recycling systems, and waste metal recycling protocols.

Quality Control & Certifications

Aramid Industries & Brenner Import and Export Company

At Aramid Industries and Brenner Import & Export Company, quality is not a department — it is our culture. We are committed to delivering only the highest quality instruments and services, backed by precision engineering, rigorous inspection, and continuous innovation.

With a strong operational base in Pakistan, China, and the United Kingdom, our Quality Management System (QMS) integrates global best practices from EU MDR, U.S. FDA, and Chinese CFDA (NMPA) standards — ensuring every product we manufacture meets the most stringent international compliance requirements. Our Quality Philosophy

We believe that progress begins with precision.

Our culture promotes a constant cycle of learning, improvement, and innovation — empowering our people to challenge boundaries and set new industry standards.

By encouraging creativity and accountability, Aramid Industries and Brenner Import & Export Company continuously evolve to meet the future of global healthcare manufacturing.

“Deliver excellence, exceed expectations, and inspire trust — every single day.”

Ahmed Hussain, CEO

International Certifications & Regulatory Compliance

Aramid Industries and Brenner Import & Export Company operate under a unified, globally recognized QMS that ensures full traceability and compliance across every stage — from raw material sourcing to final dispatch.

We proudly hold the following international accreditations and certifications:

- ✓ European Authorized Representative (EC REP) Certificate
- ✓ EUDAMED SRN Registration under EU Medical Device Regulation (EU MDR 2017/745)
- ✓ *QMS Compliant with EU Medical Device Directive (EU MDD 93/42/EEC)
- ✓ *QMS Certified according to cGMP by the U.S. Food and Drug Administration (FDA)
- ✓ Registered with China Food and Drug Administration (CFDA / NMPA) for medical device trade and import approval in the Chinese market
- ✓ ISO 9001:2015 – Quality Management System
- ✓ ISO 13485:2016 – Medical Device Manufacturing Standard
- ✓ ISO 14001:2015 – Environmental Management System
- ✓ ISO 45001:2018 – Occupational Health and Safety Management System

All instruments are produced from AISI 304, 410, and 420 stainless steel, tested and certified in compliance with ISO, ASTM, and CE Mark requirements.

Further compliance includes:

ISO 7151, ISO 7153-1, ISO 11135, ISO 13402, ISO 17664, ISO 17664-1, ISO 21850-1, ISO 14971, ISO 15223-1, ISO 20417, ISO 11607-1, ASTM A380-06, ASTM F899-20, and EU REACH Regulation.

Our certifications reflect not only quality assurance but also safety, sustainability, and ethical responsibility across all production sites.

Capability & Innovation

We combine personalized craftsmanship with large-scale manufacturing efficiency, powered by cutting-edge R&D and automation systems.

Through strategic collaborations and in-house innovation, we develop customized solutions for hospitals, private brands, and international distributors — ensuring that every client's specific needs are met with precision.

Our integrated presence in Sialkot (Pakistan), Guangzhou & Shanghai (China), and London (UK) enables us to balance:

Technical expertise

Market access

Global compliance

Localized customer service

Quality Assurance Process

Every instrument undergoes a multi-stage quality control system to ensure unmatched performance, safety, and reliability.

01. Critical Dimensions

Each instrument is carefully evaluated to ensure it performs flawlessly during critical surgical procedures. Functional accuracy, balance, and smooth operation are verified under simulated use conditions.

02. Surface Inspection

Every surface is inspected under magnification to detect and eliminate imperfections, discolorations, or contaminants. Instruments must have a uniform satin or mirror finish, free from stains, pits, or residues.

03. Dimensional Verification

Using calipers, micrometers, laser measurement tools, and master templates, all dimensions are verified against engineering drawings for pattern consistency and precision tolerance.

Continuous Improvement

Our Quality Assurance and R&D divisions work in collaboration with surgeons, dentists, and medical technicians worldwide to constantly enhance performance and ergonomics.

Feedback loops from global clients are analyzed to upgrade designs, improve materials, and integrate emerging technologies such as AI-assisted inspection, CNC precision machining, and plasma passivation systems.

We maintain full traceability and documentation from steel selection to packaging, ensuring every product can be traced through its entire production lifecycle.

Our Promise

Uncompromised Quality – Certified and inspected under ISO, FDA, EU, and CFDA standards.

Total Compliance – Globally approved manufacturing, labeling, and documentation systems.

Sustainable Manufacturing – Environmentally responsible and worker-safety certified facilities.

Customer Confidence – Every product is a symbol of trust, precision, and performance.

At Aramid Industries and Brenner Import & Export Company, quality is not maintained — it is continually perfected.

Our goal is to bridge continents through craftsmanship, compliance, and credibility.

Warranty & Quality Assurance

Aramid Industries (Pakistan) and Guangzhou Brenner Import & Export Co., Ltd. (China) are committed to delivering premium-quality surgical instruments. Aramid Industries, our ISO-certified manufacturing unit in Pakistan, ensures the highest level of craftsmanship, while Guangzhou Brenner, our trading company in China, guarantees efficient distribution and customer service.

We stand behind our products with a comprehensive warranty against any manufacturing or material defects. If any defect is identified, we will repair or replace the instrument at no additional cost to the customer.

Corrective & Preventive Actions

At Aramid Industries & Guangzhou Brenner, we prioritize continuous quality improvement and product safety through a rigorous corrective and preventive action (CAPA) system: Systematic Investigation: Thorough analysis of any reported issues to eliminate root causes and prevent recurrence. Process Optimization: Regular evaluation and enhancement of manufacturing and quality control procedures to ensure compliance with global standards. Risk Management: Proactive identification of potential risks and preventive measures to ensure product reliability and safety. Our dedication to excellence and innovation drives us to maintain world-class manufacturing and distribution standards.

Custom Manufacturing

We specialize in custom manufacturing and can produce bespoke surgical instruments according to your exact specifications and design requirements. Whether you need modifications to existing products or entirely new instruments, our expert engineers and precision manufacturing processes ensure top-tier results.

We welcome inquiries for customized medical instruments that are not listed in our catalog.

Delivery Timeline

Our standard production and delivery time is 60 days from the receipt of a confirmed purchase order. We ensure timely delivery while maintaining the highest quality standards.

Pricing & Terms

At Aramid Industries & Guangzhou Brenner, we offer high-quality surgical instruments at competitive prices with full transparency: Prices in USD: All prices are quoted in US dollars and are subject to applicable fees, taxes, and other charges, including environmental handling fees and shipping costs. Fair & Flexible Pricing: We continuously optimize our pricing structure to ensure affordability without compromising quality.

Custom Pricing for Bulk Orders: We offer special pricing and long-term supply agreements for bulk buyers and distributors. For personalized quotes or volume discounts, please contact us.

Product Liability & Usage Guidelines

We ensure that all instruments produced by Aramid Industries meet exceptional quality standards. However, we do not accept liability for: Instruments that have been altered or modified from their original state. Any failure or damage resulting from improper use, not aligned with the intended medical application. Proper handling, sterilization, and compliance with manufacturer guidelines are essential to maintaining product integrity and ensuring patient safety.

CARDIAC VASCULAR SURGERY SET - (1058)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	1058-01	DeBakey Vascular Forceps	20 cm, 1.5 mm tips	Straight	AISI 420	Satin	2
02	1058-02	Cooley Vascular Scissors	18 cm	Curved	AISI 420	Satin	1
03	1058-03	Potts-Smith Scissors	19 cm, 45°	Angled	AISI 420	Mirror	1
04	1058-04	Bulldog Clamps (Atraumatic)	Small/Medium	Vascular	AISI 440A	Satin	2
05	1058-05	Satinsky Vascular Clamp	24 cm	Angled	AISI 420	Satin	1
06	1058-06	DeBakey Atraumatic Clamp	23 cm	Straight	AISI 420	Satin	1
07	1058-07	Castroviejo Needle Holder (Fine)	14 cm	Straight	AISI 420	Satin	1
08	1058-08	Micro Suturing Forceps (0.3 mm)	15 cm	Straight	AISI 420	Satin	1
09	1058-09	Suction Cannula (Cardiac)	-----	Angled	AISI 410	Mirror	1
10	1058-10	Vascular Dilators (Set)	1-5 mm	Tapered	AISI 420	Satin	1
11	1058-11	Tape / Vessel Loops (Pair)	-----	Silicone	----	-----	1
TOTAL QUANTITY							16

Cardiovascular Surgery Set (GBAI-1072)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	1072-01	Vascular Clamp, Cooley, angled	150 mm	Angled	AISI 420	Satin	2
02	1072-02	DeBakey Atraumatic Forceps	200 mm	Straight	AISI 420	Satin	2
03	1072-03	Potts-Smith Scissors	45° / 125 mm	Angled	AISI 420	Satin	2
04	1072-04	Bulldog Clamp, medium	40 mm	Straight	AISI 410	Satin	4
05	1072-05	Bulldog Clamp, small	25 mm	Straight	AISI 410	Satin	4
06	1072-06	Micro Needle Holder, TC Tip	180 mm	Straight	AISI 410 + TC (Tungsten Carbide)	Satin	2
07	1072-07	Vein Retractor	20 mm x 60 mm	Curved	AISI 410	Satin	1
08	1072-08	Vascular Dilator Set	1-6 mm	Straight	AISI 410	Satin	1 set
09	1072-09	Vessel Loop (silicone)	Red / Blue	-----	Silicone (Medical Grade)	-----	2
10	1072-10	Aortic Punch	4 mm	Straight	AISI 410	Mirror	1
11	1072-11	Scissors, Metzenbaum	180 mm	Curved	AISI 410	Satin	2
12	1072-12	DeBakey Satinsky Clamp	210 mm	Angled	AISI 410	Satin	1
						TOTAL QUANTITY	23

Bakes Dilator Set-(GBAI-1008)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1008-01	Bakes Dilator	1 MM	-	AISI 420 / 440A	MIRROR	1

Balfour Abdominal Retractor Set - (GBAI-1067)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	1067-01	Balfour abdominal retractor frame, standard	55 cm	Frame Type	AISI 410	Satin	1
02	1067-02	Side blades pair, small	30 × 40 mm	Curved Blade	AISI 410	Satin	1
03	1067-03	Side blades pair, medium	35 × 60 mm	Curved Blade	AISI 410	Satin	1
04	1067-04	Side blades pair, large	45 × 80 mm	Curved Blade	AISI 410	Satin	1
05	1067-05	Center blade, infant	25 × 50 mm	Curved Blade	AISI 410	Satin	1
06	1067-06	Center blade, adult	35 × 75 mm	Curved Blade	AISI 410	Satin	1
07	1067-07	Center blade, deep	40 × 90 mm	Curved Blade	AISI 410	Satin	1
08	1067-08	Bladder blade attachment	50 × 120 mm	Curved Blade	AISI 410	Satin	1
09	1067-09	Deaver retractor #0 (1" × 12")	25 × 300 m	Curved Blade	AISI 410	Satin	1
10	1067-10	Deaver retractor #3 (1½" × 12")	38 × 300 m	Curved Blade	AISI 410	Satin	1
11	1067-11	Deaver retractor #4 (2" × 12")	50 × 300 m	Curved Blade	AISI 410	Satin	1
12	1067-12	Richardson retractor small	25 × 60 mm	Curved Blade	AISI 410	Satin	1
13	1067-13	Richardson retractor medium	30 × 80 mm	Curved Blade	AISI 410	Satin	1
14	1067-14	Richardson retractor large	40 × 100 mm	Curved Blade	AISI 410	Satin	1
15	1067-15	US Army retractor (set of 2)	22 × 230 mm	Double Ende	AISI 410	Satin	2
16	1067-16	Malleable ribbon retractor 1" × 13"	25 × 330 mm	Malleable	AISI 410	Satin	1
17	1067-17	Malleable ribbon retractor 1½" × 13"	38 × 330 mm	Malleable	AISI 410	Satin	1
18	1067-18	Malleable ribbon retractor 2 × 13"	50 × 330 mm	Malleable	AISI 410	Satin	1
19	1067-19	Spare Balfour pivot screws set	5 mm thread	Spare Part	AISI 410	Satin	2
20	1067-20	Instrument storage tray	480 × 280 × 40 mm	Tray Type	AISI 410	Satin	1
TOTAL QUANTITY							22

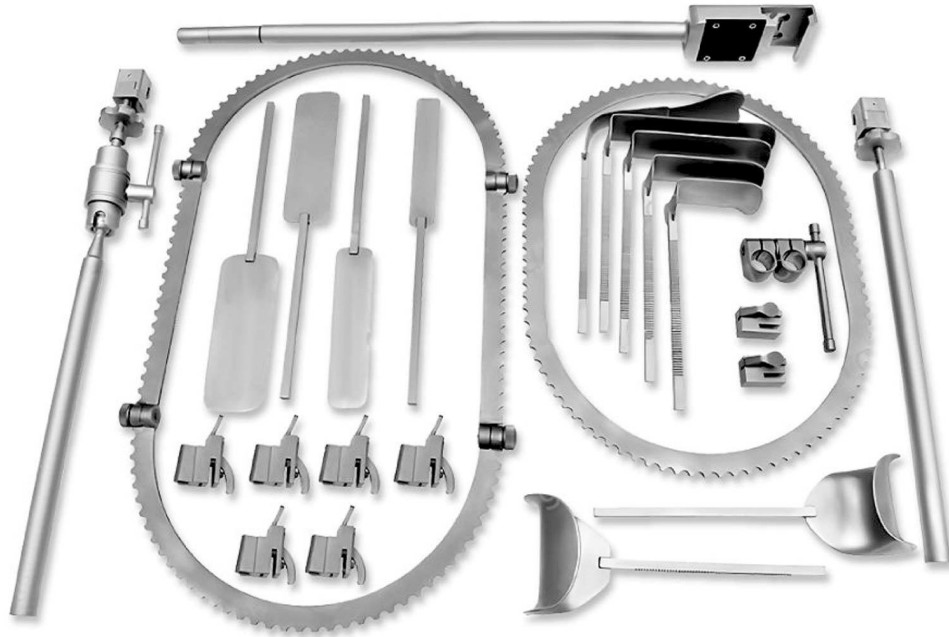

Modular Abdominal Wall Retractor System (Frame + Blades) - (GBAI-1066)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	1066-01	Main crossbar frame with ratchet	22" (55 cm)	Straight Frame	AISI 410	Satin	1
02	1066-02	Secondary crossbar / extension bar	18" (45 cm)	Straight Extension	AISI 410	Satin	1
03	1066-03	Table post clamp (universal)	Universal 16 mm	Clamp Type	AISI 410	Mirror	2
04	1066-04	Articulating arm with quick-coupler	25 cm	Articulating Type	AISI 410	Satin	2
05	1066-05	Blade holder, straight quick-couple	12 cm	Straight Holder	AISI 410	Satin	2
06	1066-06	Blade holder, straight quick-couple	12 cm	Angled Holder	AISI 410	Satin	2
07	1066-07	Right-angle blade holder	13 cm	Right-Angle Holder	AISI 410	Mirror	1
08	1066-08	Swivel joint coupler	3 cm	Swivel Joint Type	AISI 410	Satin	2
09	1066-09	Long vertical post	35 cm	Straight Post	AISI 410	Satin	1
10	1066-10	Short vertical post	20 cm	Straight Post	AISI 410	Satin	1
11	1066-11	Lateral arm with rack	30 cm	Straight Arm	AISI 410	Mirror	2
12	1066-12	Segmented side rail adapter	20 cm	Side-Rail Adapter	AISI 410	Mirror	1
13	1066-13	Kidney-shaped deep retractor blade, small	30 x 40 mm	Curved Blade	AISI 410	Satin	1
14	1066-14	Kidney-shaped deep retractor blade, medium	40 x 60 mm	Curved Blade	AISI 410	Satin	1
15	1066-15	Kidney-shaped deep retractor blade, large	50 x 80 mm	Curved Blade	AISI 410	Satin	1
16	1066-16	Deaver blade narrow	25 x 100 mm	Curved Blade	AISI 420	Satin	1
17	1066-17	Deaver blade medium	30 x 150 mm	Curved Blade	AISI 410	Satin	1
18	1066-18	Deaver blade wide	40 x 180 mm	Curved Blade	AISI 410	Satin	1
19	1066-19	Richardson blade small	20 x 60 mm	Curved Blade	AISI 410	Satin	1
20	1066-20	Richardson blade medium	30 x 80 mm	Curved Blade	AISI 410	Satin	1
21	1066-21	Richardson blade large	40 x 100 mm	Curved Blade	AISI 410	Satin	1
22	1066-22	Malleable ribbon retractor 1"	25 x 300 mm	Malleable	AISI 410	Satin	1
23	1066-23	Malleable ribbon retractor 1½"	38 x 330 mm	Malleable	AISI 410	Satin	1
24	1066-24	Malleable ribbon retractor 2"	50 x 330 mm	Malleable	AISI 410	Satin	1

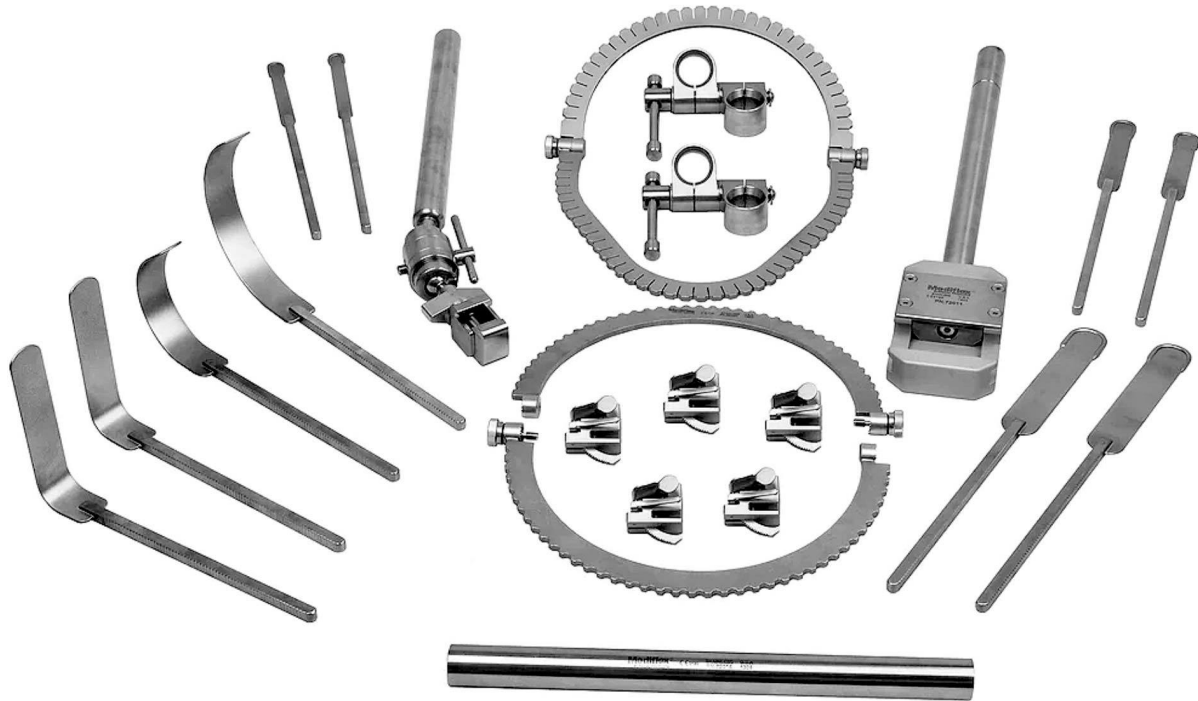

Modular Abdominal Wall Retractor System (Frame + Blades) - (GBAI-1066)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
25	1066-25	Paddle/fenestrated blade narrow	25 × 70 mm	Flat Paddle Type	AISI 410	Satin	1
26	1066-26	Paddle/fenestrated blade wide	40 × 100 mm	Flat Paddle Type	AISI 410	Satin	1
27	1066-27	Bladder/viscera blade	50 × 150 mm	Curved Blade	AISI 410	Satin	1
28	1066-28	Chevron thoracoabdominal blade	70 × 180 mm	Angled Blade	AISI 410	Satin	1
29	1066-29	Instrument storage tray with silicone mat	480 × 280 × 40 mm	Tray Type	AISI 410	Satin	1
						TOTAL QUANTITY	35

Circular Ring (Bookwalter-type) Retractor System - (GBAi-1068)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	1068-01	Round ring 16"	40 cm	Circular Ring	AISI 410	Satin	1
02	1068-02	Round ring 18"	45 cm	Circular Ring	AISI 410	Satin	1
03	1068-03	Oval ring	18" x 12"	Oval Ring	AISI 410	Satin	1
04	1068-04	Table post clamp, heavy-duty	25 cm	Clamp Type	AISI 410	Satin	2
05	1068-05	Vertical post, long	35 cm	Straight Post	AISI 410	Satin	1
06	1068-06	Vertical post, short	20 cm	Straight Post	AISI 410	Satin	1
07	1068-07	Rail clamp / side-rail adapter	20 cm	Clamp Adapter	AISI 410	Satin	2
08	1068-08	Floating joint coupler	3 cm	Swivel Type	AISI 410	Satin	2
09	1068-09	Blade holder, straight	12 cm	Straight Holder	AISI 410	Satin	2
10	1068-10	Blade holder, angled	12 cm	Angled Holder	AISI 410	Satin	2
11	1068-11	Right-angle blade holder	13 cm	Right-Angle Holder	AISI 410	Satin	1
12	1068-12	Long blade rack with ratchet	25 cm	Rack Type	AISI 410	Satin	1
13	1068-13	Short blade rack with ratchet	15 cm	Rack Type	AISI 410	Satin	1
14	1068-14	Bowel/viscera blade	40 x 120 mm	Curved Blade	AISI 410	Satin	1
15	1068-15	Fan blade small	30 x 60 mm	Fan Type	AISI 410	Satin	1
16	1068-16	Fan blade large	50 x 100 mm	Fan Type	AISI 420	Satin	1
17	1068-17	Kidney-shaped deep blade small	30 x 50 mm	Curved Blade	AISI 410	Satin	1
18	1068-18	Kidney-shaped deep blade medium	40 x 70 mm	Curved Blade	AISI 410	Satin	1
19	1068-19	Kidney-shaped deep blade large	50 x 90 mm	Curved Blade	AISI 410	Satin	1
20	1068-20	Deaver blade narrow	25 x 150 mm	Curved Blade	AISI 410	Satin	1
21	1068-21	Deaver blade medium	35 x 200 mm	Curved Blade	AISI 410	Satin	1
22	1068-22	Richardson blade medium	35 x 80 mm	Curved Blade	AISI 410	Satin	1
23	1068-23	Malleable ribbon 1"	25 x 300 mm	Malleable	AISI 410	Satin	1
24	1068-24	Malleable ribbon 1½"	38 x 330 mm	Malleable	AISI 410	Satin	1
25	1068-25	Smoke-evac / light clip bracket	8 mm port	Attachment Type	AISI 410	Satin	1
26	1068-26	Torque wrench for joints	13 cm	Tool Type	AISI 410	Satin	1
27	1068-27	Instrument storage tray with silicone mat	480 x 280 x 40 mm	Tray Type	AISI 410	Satin	1

08	GBAI1085-08	Bone Mixing Cup	Metal	Reusable	AISI 304 Satin	Satin	1
09	GBAI1085-09	Bone Rongeur	Standard	Reusable	AISI 410 Satin	Satin	1
10	GBAI1085-10	Bone Measuring Caliper	Standard	Reusable	AISI 410 Satin	Satin	1
11	GBAI1085-11	PR3 Periosteal Elevator	Pr3 Type	Reusable	AISI 420 Satin	Satin	1
12	GBAI1085-12	M9 Periosteal Elevator	M9 Type	Reusable	AISI 420 Satin	Satin	1
13	GBAI1085-13	Bone Separator / Elevator	Standard	Reusable	AISI 420 Satin	Satin	1
14	GBAI1085-14	Small Angled Blade	-	Reusable	AISI 420 Satin	Satin	1
15	GBAI1085-15	Buser Elevator	BUSER Type	Reusable	AISI 420 Satin	Satin	1
16	GBAI1085-16	Bone Chisel / Osteotome	Standard	Reusable	AISI 420 Satin	Satin	1
17	GBAI1085-17	Bone Curette	Standard	Reusable	AISI 410 Satin	Satin	1
18	GBAI1085-18	Tissue Elevator	Standard	Reusable	AISI 410 Satin	Satin	1
19	GBAI1085-19	Surgical Curette	Standard	Reusable	AISI 410 Satin	Satin	1
20	GBAI1085-20	Micro Elevator (Small)	Standard	Reusable	AISI 410 Satin	Satin	1
21	GBAI1085-21	Single-Sided Dental Mirror	#4	Reusable	AISI 410 Mirror	Mirror	1
22	GBAI1085-22	Double-Bent Positioning Probe	-	Reusable	AISI 410 Satin	Satin	1
23	GBAI1085-23	Tissue Forceps	12 CM	Reusable	AISI 410 Satin	Satin	1
24	GBAI1085-24	Scalpel Handle (Round Handle)	Standard	Reusable	AISI 420 Satin	Satin	1
25	GBAI1085-25	Scalpel Handle #3	#3	Reusable	AISI 420 Satin	Satin	1
26	GBAI1085-26	Silicone Tube	Irrigation Tube	Consumable	Silicone	Satin	1
						TOTAL QTY	26

ORAL SURGERY / IMPLANT SET - (GBAI-1086)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1086-01	Needle Holder Mayo-Hegar	14 CM	Reusable	AISI 410	SATIN	1
02	GBAI1086-02	Artery Forceps Straight	14 CM	Reusable	AISI 410	SATIN	1
03	GBAI1086-03	Artery Forceps Curved	14 CM	Reusable	AISI 410	SATIN	1
04	GBAI1086-04	Mosquito Forceps Straight	12.5 CM	Reusable	AISI 410	SATIN	1
05	GBAI1086-05	Mosquito Forceps Curved	12.5 CM	Reusable	AISI 410	SATIN	1
06	GBAI1086-06	Towel Clamp	12 CM	Reusable	AISI 410	SATIN	1
07	GBAI1086-07	Bone Holding Forcep / Rongeur	Type A	Reusable	AISI 420	SATIN	1
08	GBAI1086-08	Periosteal Elevator (PR3 Type)	Pr3	Reusable	AISI 420	SATIN	1
09	GBAI1086-09	Periosteal Elevator (Molt Type)	Molt 9	Reusable	AISI 410	SATIN	1
10	GBAI1086-10	Periosteal Elevator (Buser Type)	Buser	Reusable	AISI 410	SATIN	1
11	GBAI1031-11	Periodontal Curette	Standard	Reusable	AISI 410	SATIN	1
12	GBAI1086-12	Periodontal Scaler	Standard	Reusable	AISI 420	SATIN	1
13	GBAI1086-13	Bone Curette Spoon	Type A	Reusable	AISI 420	SATIN	1
14	GBAI1086-14	Bone File	Double End	Reusable	AISI 420	SATIN	1
15	GBAI1086-15	Root Elevator Straight	H-Type	Reusable	AISI 410	SATIN	1
16	GBAI1086-16	Root Elevator Curved	C-Type	Reusable	AISI 410	SATIN	1
17	GBAI1086-17	Dental Mirror with Handle	#4	Reusable	AISI 410	MIRROR	1
18	GBAI1086-18	Crown / Implant Spatula	Double End	Reusable	AISI 410	SATIN	1
19	GBAI1086-19	Composite Carver	Double End	Reusable	AISI 410	SATIN	1
20	GBAI1086-20	Plugger / Condenser	Double End	Reusable	AISI 410	SATIN	1
21	GBAI1086-21	Chisel / Osteotome Straight	Standard	Reusable	AISI 410	SATIN	1
22	GBAI1086-22	Surgical Scalpel Handle	#3	Reusable	AISI 410	SATIN	1
23	GBAI1086-23	Surgical Scalpel Handle	Round Handle	Reusable	AISI 420	SATIN	1
24	GBAI1086-24	Suction Tube / Aspirating Tube	Metal	Reusable	AISI 420	SATIN	1

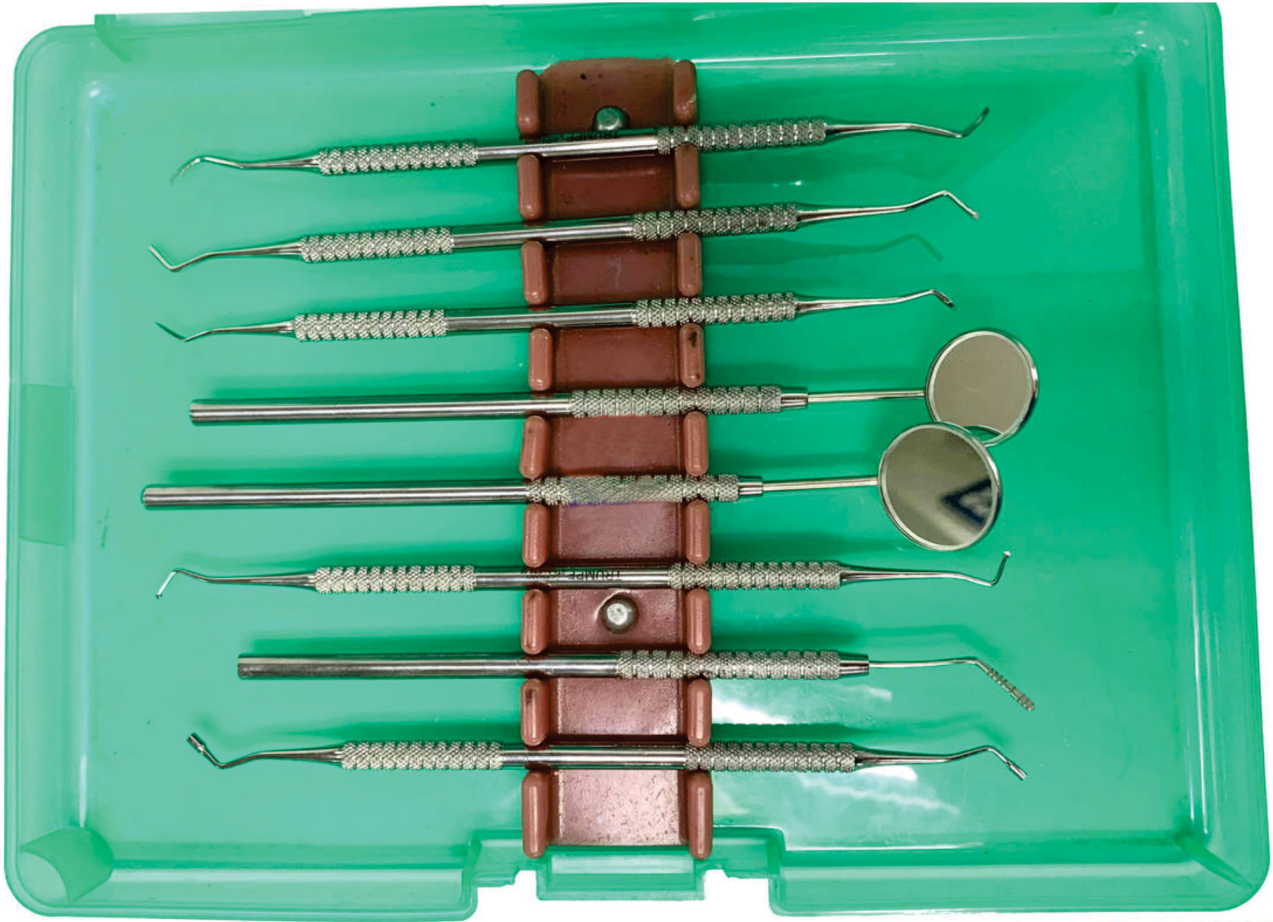

ORAL SURGERY / IMPLANT SET - (GBAI-1086)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
25	GBAI1086-25	Syringe Handle / Cartridge Syringe	Standard	Reusable	AISI 410	SATIN	1
26	GBAI1086-26	Measuring Caliper	Bone Gauge	Reusable	AISI 304	SATIN	1
27	GBAI1086-27	Bone Scraper / Curette	Standard	Reusable	AISI 410	SATIN	1
28	GBAI1086-28	Implant Probe / Explorer	Double End	Reusable	AISI 410	SATIN	1
29	GBAI1086-29	Periosteal Spatula	Flat/Sharp Double End	Reusable	AISI 410	SATIN	1
30	GBAI1086-30	Sterilization Surgical Cassette	Stainless Steel	Reusable	AISI 304	SATIN	1
						TOTAL QTY	30

DENTAL COMPOSITE / RESTORATIVE SET - (GBAI- 1087)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1087-01	Dental Composite Spatula Double End	Standard	Reusable	AISI 410	TITANIUM BLUE COATED	1
02	GBAI1087-02	Dental Composite Carver Double End	Standard	Reusable	AISI 410	TITANIUM BLUE COATED	1
03	GBAI1087-03	Dental Plastic Filling Instrument Double End	Standard	Reusable	AISI 410	TITANIUM BLUE COATED	1
04	GBAI1087-04	Dental Condenser / Plugger Double End	Standard	Reusable	AISI 410	TITANIUM BLUE COATED	1
05	GBAI1087-05	Composite Carver (Mitra Type)	Double End	Reusable	AISI 410	TITANIUM BLUE COATED	1
06	GBAI1087-06	Composite Spatula (Spoon Type)	Double End	Reusable	AISI 410	TITANIUM BLUE COATED	1
07	GBAI1087-07	Dental Tweezers / College Tweezer	Standard	Reusable	AISI 410	TITANIUM BLUE COATED	1
08	GBAI1087-08	Sterilization Cassette (Small)	White/Orange Silicone	Reusable	AISI 304	TITANIUM BLUE COATED	1
						TOTAL QTY	8 PCS

DENTAL RESTORATIVE SET - (GBAI - 1088)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1088-01	Titanium Coated Composite Spatula	Double End	Reusable	AISI 410	BLACK TITANIUM	1
02	GBAI1088-02	Titanium Coated Composite Carver	Double End	Reusable	AISI 410	BLACK TITANIUM	1
03	GBAI1088-03	Titanium Coated Plastic Filling Instrument	Double End	Reusable	AISI 410	BLACK TITANIUM	1
04	GBAI1088-04	Titanium Coated Plugger / Condenser	Double End	Reusable	AISI 410	BLACK TITANIUM	1
05	GBAI1088-05	Titanium Coated Composite Sculpting Instrument	Double End	Reusable	AISI 410	BLACK TITANIUM	1
06	GBAI1088-06	Black Handle Dental Mirror	#4 Mirror	Reusable	AISI 410	BLACK TITANIUM	1
07	GBAI1088-07	Aluminium Sterilization Cassette	Blue Color	Reusable	AISI 304 Anodized Blue	ANODIZED BLUE	1
						TOTAL QTY	7 PCS

DENTAL EXAMINATION KIT - (GBAI 1089)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1089-01	Gold Titanium Tweezer / College Tweezer	Standard	Reusable	AISI 410	GOLD TITANIUM OR CUSTOM	1
02	GBAI1089-02	Gold Titanium Periodontal Probe	Double End	Reusable	AISI 410	GOLD TITANIUM OR CUSTOM	1
03	GBAI1089-03	Gold Titanium Mouth Mirror with Handle	#4 Mirror	Reusable	AISI 410	GOLD TITANIUM OR CUSTOM	1
TOTAL QTY							3 PCS

ADULT DENTAL EXTRACTION FORCEP SET - (GBAI -1090)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1090-01	Extraction Forceps #1 (Upper Incisors & Canines)	Standard	Reusable	AISI 420	MIRROR	1
02	GBAI1090-02	Extraction Forceps #7 (Upper Premolars)	Standard	Reusable	AISI 420	MIRROR	1
03	GBAI1090-03	Extraction Forceps #13 (Upper Molars Universal)	Standard	Reusable	AISI 420	MIRROR	1
04	GBAI1090-04	Extraction Forceps #17 (Upper Roots)	Standard	Reusable	AISI 420	MIRROR	1
05	GBAI1090-05	Extraction Forceps #17 (Lower Roots)	Standard	Reusable	AISI 420	MIRROR	1
06	GBAI1090-06	Extraction Forceps #22 (Lower Incisors & Canines)	Standard	Reusable	AISI 420	MIRROR	1
07	GBAI1090-07	Extraction Forceps #23 (Cowhorn Lower Molars)	Standard	Reusable	AISI 420	MIRROR	1
08	GBAI1090-08	Extraction Forceps #151 (Lower Universal)	Standard	Reusable	AISI 420	MIRROR	1
09	GBAI1090-09	Extraction Forceps #150 (Upper Universal)	Standard	Reusable	AISI 420	MIRROR	1
10	GBAI1090-10	Extraction Forceps #65 (Root & Crown Remnants)	Standard	Reusable	AISI 420	MIRROR	1
						TOTAL QUANTITY	10 PCS

CHILD EXTRACTION FORCEP SET - (GBAI - 1091)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1091-01	Pediatric Extraction Forceps #150S (Upper Universal Small)	Small Size	Reusable	AISI 420	MIRROR	1
02	GBAI1091-02	Pediatric Extraction Forceps #151S (Lower Universal Small)	Small Size	Reusable	AISI 420	MIRROR	1
03	GBAI1091-03	Pediatric Extraction Forceps #1S (Upper Incisors & Canines)	Small Size	Reusable	AISI 420	MIRROR	1
04	GBAI1091-04	Pediatric Extraction Forceps #7S (Upper Premolars Small)	Small Size	Reusable	AISI 420	MIRROR	1
05	GBAI1091-05	Pediatric Extraction Forceps #13S (Upper Molars Small)	Small Size	Reusable	AISI 420	MIRROR	1
06	GBAI1091-06	Pediatric Extraction Forceps #22S (Lower Incisors & Canines Small)	Small Size	Reusable	AISI 420	MIRROR	1
07	GBAI1091-07	Pediatric Extraction Forceps #65S (Roots & Crown Remnants Small)	Small Size	Reusable	AISI 420	MIRROR	1
						TOTAL QTY	7 PCS

ROOT ELEVATOR SET - (GBAI - 1092)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1092-01	Root Elevator Straight (Coupland Type #1)	Standard	Reusable	AISI 420	SATIN	1
02	GBAI1092-02	Root Elevator Straight (Coupland Type #2)	Standard	Reusable	AISI 420	SATIN	1
03	GBAI1092-03	Root Elevator Straight (Coupland Type #3)	Standard	Reusable	AISI 420	SATIN	1
04	GBAI1092-04	Apical Elevator Left (Winter / Cryer #R)	Left Angle	Reusable	AISI 420	SATIN	1
05	GBAI1092-05	Apical Elevator Right (Winter / Cryer #L)	Right Angle	Reusable	AISI 420	SATIN	1
06	GBAI1092-06	Root Elevator Potts / Anchorage Type	Straight Fine Point	Reusable	AISI 420	SATIN	1
07	GBAI1092-07	Root Elevator Heidbrink (H1 / H2)	Fine Root Tip Elevator	Reusable	AISI 420	SATIN	1
						TOTAL QTY	7 PCS

ORTHODONTIC SET - (GBAI - 1093)

Sr. #	Code	Instrument Description	Specification	Type	Steel Type	Finish	QTY
01	GBAI1093-01	Mathieu Needle Holder	Slim Tip	Reusable	AISI 410	SATIN	1
02	GBAI1093-02	Ligature Director	Double End	Reusable	AISI 410	SATIN	1
03	GBAI1093-03	Ligature Tucker	Standard	Reusable	AISI 410	SATIN	1
04	GBAI1093-04	Elastic Separator Placer	Blue Handle	Reusable	Aluminium + SS	SATIN	1
05	GBAI1093-05	Light Wire Plier	Standard	Reusable	AISI 420	SATIN	1
06	GBAI1093-06	Ligature Cutter	Standard	Reusable	AISI 420	SATIN	1
07	GBAI1093-07	Bracket Removing Plier (Anterior)	Standard	Reusable	AISI 420	SATIN	1
08	GBAI1093-08	Bracket Removing Plier (Posterior)	Standard	Reusable	AISI 420	SATIN	1
09	GBAI1093-09	Three-Prong Plier	Standard	Reusable	AISI 420	SATIN	1
10	GBAI1093-10	Bird Beak Plier	Standard	Reusable	AISI 420	SATIN	1
11	GBAI1093-11	Weingart Utility Plier	Slim	Reusable	AISI 420	SATIN	1
12	GBAI1093-12	Distal End Cutter	Standard	Reusable	AISI 420	SATIN	1
13	GBAI1093-13	Hard Wire Cutter	Standard	Reusable	AISI 420	SATIN	1
14	GBAI1093-14	How Utility Plier	Curved	Reusable	AISI 420	SATIN	1
15	GBAI1093-15	How Utility Plier	Straight	Reusable	AISI 420	SATIN	1
16	GBAI1093-16	Contouring Plier	Standard	Reusable	AISI 420	SATIN	1
17	GBAI1093-17	Crimping Plier	Standard	Reusable	AISI 420	SATIN	1
18	GBAI1093-18	Tweed Arch Bending Plier	Small Loop	Reusable	AISI 420	SATIN	1
19	GBAI1093-19	Loop Forming Plier	Standard	Reusable	AISI 420	SATIN	1
20	GBAI1093-20	Adhesive Removing Plier	Standard	Reusable	AISI 420	SATIN	1
21	GBAI1093-21	Adams Plier	Standard	Reusable	AISI 420	SATIN	1
22	GBAI1093-22	Elastic Ring Remover	Standard	Reusable	AISI 420	SATIN	1
23	GBAI1093-23	Banding Plier	Posterior	Reusable	AISI 420	SATIN	1
24	GBAI1093-24	Banding Plier	Anterior	Reusable	AISI 420	SATIN	1
25	GBAI1093-25	Wire Bending Plier	Heavy	Reusable	AISI 420	SATIN	1
26	GBAI1093-26	Red Instrument Case	Zip Pouch	Reusable	PU + Cloth	SATIN	1
